Fall 2014

## Newsletter: Stories

1. Souls Won Outreach in Haiti
2. New School Building in Calavi
3. First Graduation for Village
4. Ignite - "Light Your World"

**Hello Saints and Faithful Supporters, I trust that this fall newsletter finds you all well and preparing for the soon coming winter months. Here in Benin we are experiencing an unexpected rainy season. Yet in spite of the mud and puddles/ rivers, our first few weeks of school have gone very well.**

## New Container for our New Beginning

**I**n the last newsletter I shared how God blessed us with a new building that conforms to Benin building standards at an excellent price. I was elated to return to find a beautiful transformation of the building. The parents, students, and I were very impressed with what God has done. Rejoice with us in celebrating new beginnings in this building.

Dr. Joubert

Dr. Leaphart

## Healing Horizons in Haiti

This past July we were blessed in Haiti to have a medical team from Souls Won Outreach Ministries in Cumberland MD, Pastors Kenneth and Shannon Watkins. They were led by our faithful "Apostle Luke" of Compassion, Dr. Ava Joubert. This team was a very loving, humble breath of fresh air for the people of Haiti. We also wish to thank the Leaphart Foundation and Kaign Avenue Baptist Church in New Jersey for providing the funds to purchase the medicines that were given away free of charge. To God be the Glory.

## An Invitation to Ignite Your World!

Dear friends of Compassion of Christ:

I am inviting you to take part in a special project that CCWM is doing this year. We are calling it "Light Your World". We are working with an energy program called *Ignite by Stream Energy* to generate additional funds to help lighten the burden of our operating expenses of over \$5,000 per month.

Some of our friends are able to give on a monthly basis but I realize that giving something monthly for many of you may be burdensome. However, if you partner with us in this project by switching your energy provider, you can contribute monthly to CCWM's expenses simply by paying your utility bill. In fact, you may even save on your current electric or gas rates as well.

Please consider helping me and the children of Haiti and Benin in this way. If you'd like to be a part of this fundraising project or would like more information, go online using the following link <http://ccwmigniteyourworld.myignite.com> or contact our *Ignite* representative Kathy Parsons at (267) 969-7756. She is ready to work with any of you who choose to be a part of this fundraising project.

Thanks so much for your support in all the ways you give it.

Working with my Father,  
Brenda
