

The Harvest Fields

Fall 2016

Precious Compassion Partners, As summer is coming to a close and welcoming the beautiful season of Fall, I trust that many of you are grateful to be cooling off. As for me, I've had a pretty hot time over the past 5 months in Benin and Haiti, but I am so excited to share with you the wonderful things God has done in the ministry in spite of the heat.

Haiti Youth Encounter

We had 17 grads in Haiti this year, many of which will be continuing on with Compassion in our secondary school. There was also a team of 12, primarily youth that went in to experience missions

for the first time and to assist with the graduation and to minister to the precious children and people of Haiti. They also went witnessing (four souls came to the Lord) and performed a variety of skits in various places that included my mission roots "Christian Haitian Outreach" (C.H.O.). It was an awesome encounter for all involved.

Pastor's Mission Planning Meeting

Pastors with a Mission Vision

The climax of my time spent in Haiti was the gathering of Haitian pastors to embrace the heart of God and to strategize on how they can collectively identify, equip and send laborers to the nations. It was stimulating to see those who have often seen themselves as the mission field, awaken to the need and idea that God wants to also use them to reach His unreached fields. It truly is much better to "learn" to give than to receive. *Acts 20:35* and to be on mission with God to fulfill His vision.

Benin News

Back to Benin

I returned to Benin in April to a very warm welcome by staff and children in both schools. They sang praise to God and even gave me flowers. I really missed them and was overjoyed to be home. This year instead of two graduating classes in Benin, there were three. We had 9 graduates in the village school of Agondoton and 12 graduates at the Calavi urban school. The third graduating class was our class of kindergarteners. It was a first and fabulous.
